ART PORTFOLIOS

SECOND SERIES

OUR Art Portfolios of last season met with an enthusiastic reception; requests that pictures reproduced in them be sent to distant points for inspection, exceeded our highest expectations. They seem to have filled a real need.

Again this year we shall publish a series of six, from October to March, each containing twelve half-tone reproductions of twelve American Paintings, accompanied by color descriptions, sizes and prices. Through these, the distant picture buyer is given a chance to inspect, without obligation, new pictures as they come from the artists' studios, and the picture lover is enabled to keep informed on current work.

A nominal charge of two dollars is made for the complete series of 72 prints. The October and November numbers are ready for distribution.

STEINWAY THE INSTRUMENT OF THE IMMORTALS

Josef Hofmann
THE PUPIL OF RUBINSTEIN

THE maintenance of uniform perfection is the greatest achievement of the Steinway art. In addition to the concert grand there is the upright, the miniature grand, baby grand, parlor grand and other styles and sizes. Each of these presents a separate problem in piano manufacture. Each calls for a separate adjustment of creative effort and structural requirements. And, yet in every Steinway, no matter what style or size, regardless of mechanical limitations, reposes the inimitable evidence of Steinway manufacture—the quality, which as Ernest Hutcheson has said, "converts a machine into a soul."

Any new Steinway piano may be purchased with a cash deposit of 10%, with the balance extended over a period of two years. Used pianos accepted in partial exchange.

Prices: $875 and up

On April 7th, 1906, the National Academy of Design and the Society of American Artists were united

THE FOUNDERS

On the 8th of November, 1825, a number of young Artists and Students established the New York Drawing Association; and soon after, on the 19th of January, 1826, they resolved themselves into a new organization, to be known as the National Academy of the Arts of Design. They thereupon chose from their numbers fifteen artists, who were directed to choose fifteen others, the thirty thus selected to constitute the new society. Of this body of Founders of the National Academy of Design whose names are here recorded, the last survivor, Thomas C. Cummings, N.A., who was for many years the Treasurer, and at one time the Vice-President of the Academy, died September 25, 1894.

SERVING ARTISTS SINCE 1868

For the Masters of 1926

UNLIKE the Old Masters, who mixed their own colors to guarantee permanency, the Masters of Today rely upon the master craftsmen of Devoe to give them pure and permanent colors.

After years of study and research, Devoe has produced colors that are pure, permanent, chemically friendly and of balanced value in EQUALIZED SPECTRUM COLORS.

In the balanced color spectrum there are six definite color positions—Red, Yellow, Green, Blue, Violet and Purple. These colors mixed in varying proportions, together with white light, will produce every color, hue or tint seen by the eye.

You can assure yourself *pure* and *permanent* colors for oil painting by insisting upon Devoe EQUALIZED SPECTRUM COLORS.
